FABULOUSLY FUN ASSEMBLY WITH JOE CRAVEN

Thanks to our music teacher Gail Dreifus, we had the pleasure of welcoming musician extraordinaire and reimagineer Joe Craven to SFCS last Friday for our first assembly in three years. Students were reminded that music is in all of us and that we can create music (organized sound) using our voices, donkey jaw bones, playground equipment, and even an electric canjo (a homemade, upcycled instrument similar to a banjo using a #10 can). He talked with the older grades about how we can find happiness in the pursuit of finding ways to tell our own stories; whether it is through painting, playing basketball, dancing, cooking, woodworking, creating music, etc. It was a great reminder that through cultivating a sense of wonder, and with practice and perseverance, we can do anything.
